- The Group has offset its own operational carbon emissions for 2020 through a Tree Buddying Scheme in partnership with Carbon Footprint Limited. As part of the project, the Group has arranged to plant a tree for each employee. A tonne of carbon will be offset for each tree planted through verified carbon standard approved carbon credits.

## NOTES TO THE FINANCIAL ACCOUNTS

### FOR THE SIX MONTHS ENDED 30 JUNE 2021

## 1. Basis of preparation

The financial accounts for the six months ended 30 June 2021 have been prepared on a basis consistent with the accounting policies adopted and applied in preparing the 31 December 2020 audited financial statements.

On 1 October 2020 there was a restructure of the wider Utmost group which resulted in the Utmost International and Utmost UK entities being combined into the same group structure under Utmost Topco Limited (an indirect parent company). The Group restructure is accounted for using the principles of predecessor accounting in accordance with the accounting policy choice available under IAS 8 — 'Accounting Policies, Changes in Accounting Estimates and Errors'. Under predecessor accounting the financial statements for the year ended 31 December 2020 are presented on the basis that the reorganisation had occurred before the start of the earliest period presented. Given the restructure occurred on 1 October 2020 there are no comparatives available covering the period 1 January 2020 – 30 June 2020.
