#### SYNTHETIC RISK AND REWARD PROFILE

#### INDUSTRY STANDARD

This does not constitute investment advice and should be used as a guidance tool only. For more information on SRRI please refer to our Plan Investments Brochure.

# RISK SCALE Lower risk SRRI 1 2 3 4 5 6 7 Potentially lower reward Potentially higher reward

#### INTERPRETATION

References to 'we', 'us', 'our' or 'Utmost Worldwide' mean Utmost Worldwide Limited. References to 'you' or 'your' mean a Planholder. We have written this document in the singular, which includes the plural, and vice versa. Likewise, the masculine includes all other genders.

Capitalised terms shall have the same meaning as the defined terms within your Terms and Conditions and in the Product Technical Brochure.

'Plan Investment' means a notional investment created within your Plan, which corresponds to an Utmost Investment, and which is used to determine the value of your Plan.

'Utmost Investment' means an underlying fund, as applicable, purchased by us to correspond to Plan Investments selected by you.

#### IMPORTANT NOTES

^The 'Synthetic Risk and Reward Indicator (SRRI) was defined in 2009 by the Committee of European Securities Regulators (CESR) with the aim of providing investors with a method of assessing an underlying fund's risk. This SRRI calculation has been provided by Morningstar based on guidelines provided by the European Securities and Markets Authority (ESMA) and Morningstar's interpretation, methodology and implementation of said guidelines.

Please note that the categorisation of a Plan Investment is not constant and may change overtime.

Morningstar is a leading provider of independent investment research in North America, Europe, Australia, and Asia and Morningstar Inc. is an independent entity to Utmost Worldwide Limited.

We link the benefits of your Plan to the return from your chosen Plan Investments which is subject at all times to investment risks and market fluctuations.

Utmost Worldwide calculates the return and value of your Plan based on the performance and value of your Plan Investments.

It is your responsibility to read and understand the offering documents relating to the Plan Investment(s) that you or any third party authorised by you are considering for selection. Each Plan Investment is subject to investment risks, including market risk, interest rate risk and exchange rate fluctuations. The Plan Investment options available to you will have different features and risk profiles and some may be of high risk. The value of Plan Investments and their performance may go down as well as up.

You should note that investment involves risk. Past performance is not indicative of future performance, and you may not get back the full amount that you invested, particularly in the early years of your Plan.

Planholders and/or their investment advisers are responsible for their investment decisions and any choice of Plan Investments is entirely at their own risk. Please note that the value of Plan Investments (as well as the income accruing to an investment) may go down as well as up.
